

Financial Analyst (m/f/x)

Connected Infrastructure Capital GmbH (CIC) is a growing IPP in the renewable energy sector. As of now, CIC operates a portfolio of ~100MW of onshore wind farms located in Sweden, the Netherlands and Germany. CIC is focused on acquiring ready-to-built or operating wind farms to construct the wind farms acting as EPC and to operate and optimize them on a long-term basis.

Our current focus is Northern Europe while we are exploring further CEE markets. The CIC team has an excellent track record in the renewables industry and combines strong commercial and technical expertise.

Do you want to become part of that growth story and shape it together with us? We are looking for a motivated **Financial Analyst (m/f/x)**. Join us in advancing the energy transition.

Your responsibilities:

- Development of multi-level financial models (individual and consolidated projects)
- Participation in project acquisition (support in due diligence processes)
- Cooperation in the refinancing of projects
- Preparation of analyses, reports, concepts, and presentations
- Supporting the design and optimization of internal processes and structures

Your profile:

- Academic degree in the field of Business Administration
- Working experience in a comparable position
- Solution-oriented, reliable, and strongly analytical working style
- High level of economic understanding and entrepreneurial thinking
- Competent use of MS office applications, in particular Excel
- Very good command of English language skills

What we offer:

- A diverse scope of tasks
- An open-minded and highly motivated team
- Contribution of own ideas and suggestions for improvements are highly welcome
- Competitive compensation and possibilities for professional and personal growth

We are looking forward to hearing from you!

Please submit your application directly to career@cic-europe.eu including your salary expectations and your starting date.
